## Academics

Rooted in a tradition of academic excellence, East Woods School promotes and supports a well-rounded education. Through strong academics, and a rigorous course of study, children are taught how to think, not simply what to think. East Woods students are immersed in science, technology, math, world languages, history, literature, athletics and the arts (musical, performing, and visual). Our teachers support and challenge our students in a way that is most meaningful to each student, individually.

## Student Life

East Woods School offers a wide range of enrichment programs that provide many opportunities for students to explore and learn in a safe and nurturing environment. We cultivate confidence through our philosophy that making a mistake presents the best opportunity to learn and grow. East Woods students understand that their education is a journey, and not simply a number on a test.

## Community

East Woods School is a friendly community of students, faculty, and parents that feels more like a family rather than just a school. Founded in 1946 by a small group of parents, East Woods remains a community of families seeking a school that is small by design and promotes excellence in a nurturing environment. At East Woods, we place a premium on character education. We focus on teaching and sustaining a community of kindness. We prioritize the importance of having respect for self and others, and the responsibility of giving back to local and global communities.

### Early Childhood Center Pre-Nursery - Pre-Kindergarten

- Fosters the social, emotional, physical, creative, and cognitive development of young children.
- Offers small class sizes, personal attention, and a rich thematic curriculum.
- Develops strong foundational skills that prepare students for the future.
- Provides library, music, physical education, and Spanish classes on a weekly basis, and use of our state-of-the-art science labs for Nursery and Pre-Kindergarten students throughout the year.
- Welcomes and nurtures our youngest students in a vibrant, joyful atmosphere.

### Lower School Kindergarten - Fourth Grade

- Delivers a well-rounded, accelerated, and engaging curriculum.
- Provides differentiated reading, writing, and math instruction.
- Requires classes in science lab, Spanish, music, physical education, library, technology, and studio art.
- Offers specialized science and technology education through our Advanced Learning Program.
- Uses aspects of the Responsive Classroom method to create a warm and welcoming environment.
- Affords numerous public speaking and performing opportunities, field trips, and interdisciplinary grade-specific projects.

- Delivers a well-rounded, accelerated, and engaging curriculum.
- Requires classes in English (literature, poetry, creative and composition writing), history (ancient, global, and American), math, Spanish, science, multi-media technology, studio art, drama, band, and chorus.
- Offers a continuation of our Advanced Learning Program that grows with our students.
- Fosters teamwork through the sports program in the fall, winter, and spring.
- Affords numerous opportunities to perform, to lead, to present and speak to large audiences, to give back to the local community, and to travel to local and distant locations for cultural and educational experiences.

## Life Beyond East Woods

In a highly competitive world, our students consistently place into top-tier independent, parochial, and boarding schools, and then again into some of the top colleges and universities around the globe. Confident and kind, motivated and compassionate, East Woods graduates become leaders. They possess self-confidence, an insatiable curiosity about the world around them, and a strong interest in constantly growing and learning. East Woods provides students with the advantages they need to succeed in high school, college, and beyond. East Woods School is where your child's potential is only the beginning.
